

MATTERHORN A

ADVANCED CHEMICAL SOLUTIONS PRESENTS:

A highly compounded, premium high performance cutting oil designed to meet today's swiss machines and multi-spindle machine requirements. Our unique additive package provides exceptional tool life at higher speeds, feeds and stock removal.

Matterhorn A is low viscosity fluid allowing for better heat dissipation resulting in less chance for tolerance change as machine oil temperature increases. Our product also has less fluid carry-out on parts and chips to help reduce your overall cost.

Comparable to the following brands:

- Swiss Silver
- Master Chemical OM287
- Handsterfer Hard Cut 5418

ADVANTAGES:

- Multi metals
- Increased tool life
- Greater operator visibility
- Greater operator acceptance
- Easy on the hands and skin
- High flash point
- Low mist
- Reduced cycle time
- No waxy build-up
