

BETA SOL 200 SERIES COOLANTS

ADVANCED CHEMICAL SOLUTIONS OFFERS:

Beta Sol 200 series includes 200EX, 203, 205, and 215EX. The Beta Sol series are semi-synthetics designed to meet the economical needs as well as the application needs of today's general machine shops. Formulated with a unique blend of additives, Beta Sol series of coolants provide excellent tool life in extreme conditions while offering great sump life, good corrosion protection and rejection of tramp oil allowing for easy removal of this contaminant through skimming.

With five unique products in this series, we can offer a solution to fit your needs.

ADVANTAGES:

- Hard Water Stable
- No Sulfur
- No Phosphorus
- No heavy metals
- Rejects Tramp Oil
- High operator acceptance

MACHINING ADVANTAGES

- Improved tool life
- Extended sump life
- Good corrosion protection
